Human Talent Management

Do you want the best people working for you? This course highlights the importance of managing ability and performance as you master the process of finding and developing new employees for your company or organization. Talent management focuses on highlighting those people with the potential to excel in their job. We begin by identifying the different types of employees and demonstrating how you can usefully categorize your colleagues.

Modules Studied

Module 1: Talent Management and Acquisition

Module 2: Managing Leadership

Module 3: Course assessment
